Joint Anisotropic LMMSE Filter for Stationary Rician noise removal in DWI

RRID:SCR_009502

Type: Tool

Proper Citation

Joint Anisotropic LMMSE Filter for Stationary Rician noise removal in DWI
(RRID:SCR_009502)

Resource Information

URL: http://www.nitrc.org/projects/jalmmse_dwi/

Proper Citation: Joint Anisotropic LMMSE Filter for Stationary Rician noise removal in DWI (RRID:SCR_009502)

Description: This module reduces Rician noise on nhdr/nrrd DWIs. Filters image in mean squared error sense using Rician noise model. All estimations are performed as sample estimates in a "shaped neighborhood" defined by the weights extracted from structural similarity of voxels following same idea as in Non-Local Means filter.

Synonyms: Joint Anisotropic LMMSE Filter for Stationary Rici

Resource Type: data processing software, image processing software, software application, software resource, standalone software

Keywords: reduce Rician noise, Rician noise model, image filter,

Funding: Junta de Castilla y Leon ;
Ministerio de Ciencia y Educacion

Availability: Free, Available for download, Freely available

Resource Name: Joint Anisotropic LMMSE Filter for Stationary Rician noise removal in DWI

Resource ID: SCR_009502

Alternate IDs: nlx_155649, SCR_014129

License: 3D Slicer License

Record Creation Time: 20220129T080253+0000

Record Last Update: 20260912T195713+0000

Ratings and Alerts

No rating or validation information has been found for Joint Anisotropic LMMSE Filter for Stationary Rician noise removal in DWI.

No alerts have been found for Joint Anisotropic LMMSE Filter for Stationary Rician noise removal in DWI.
