Resource Information

URL: http://gccri.uthscsa.edu/genome_sequencing.html

Proper Citation: University of Texas Health Science Center at San Antonio Genome Sequencing Facility (RRID:SCR_012237)

Description: Core performs all protocols necessary for preparing a sample to be sequenced on the Illumina HiSeq2000 system. Core is also a research group with experience in customizing experiments and developing new applications. Core provides: Complete project consultation for optimal experimental design and setup, Super saver pricing for entire UT Health Science Center research community, especially research focusing on cancer genomics, Complete quality control analysis during library preparation and data generation, Secure website to download the sequencing data with quality information, Full project report, Bioinformatics analysis option available, NCBI GenBank submission option available

Abbreviations: UTHSCSA GSF, GSF, UTHSCSA

Synonyms: University of Texas Health Science Center at San Antonio Genome Sequencing Facility (GSF), University of Texas Health Science Center at San Antonio Genome Sequencing Facility, UTHSCSA Genome Sequencing Facility (GSF)

Resource Type: access service resource, core facility, service resource

Keywords: sequencing, genome sequencing, cancer, genomics

Availability: Available to external user

Resource Name: University of Texas Health Science Center at San Antonio Genome Sequencing Facility
