Experiment

RRID:SCR_013854

Type: Tool

Proper Citation

Experiment (RRID:SCR_013854)

Resource Information

URL: <https://experiment.com>

Proper Citation: Experiment (RRID:SCR_013854)

Description: A for-profit funding resource which funds research through the contributions of donors and backers. Scientists can create project profiles which include stated funding goals that must be reached before the end of the campaign. Projects which do not achieve their funding goals will be dropped and no funding from Experiment backers will be received. Three basic criteria must be met before an experiment can receive consideration for funding: The experiment seeks to answer a specific research question, the process and results can be shared openly and transparently, and the researchers have the expertise needed to meet the goals. Additional criteria must be met for academic scientists, individual scientists, and corporate scientists, respectively. Experiments are reviewed by Experiment staff before they are accepted.

Resource Type: funding resource

Keywords: funding, donors, citizen donor, open access

Availability: Available to the research community

Resource Name: Experiment

Resource ID: SCR_013854

License URLs: <https://experiment.com/tc>

Record Creation Time: 20220129T080318+0000

Record Last Update: 20260905T132741+0000

Ratings and Alerts

No rating or validation information has been found for Experiment.

No alerts have been found for Experiment.
