Sparky

RRID:SCR_014228

Type: Tool

Proper Citation

Sparky (RRID:SCR_014228)

Resource Information

URL: <https://www.cgl.ucsf.edu/home/sparky/>

Proper Citation: Sparky (RRID:SCR_014228)

Description: A graphical NMR assignment and integration program for proteins, nucleic acids, and other polymers. Sparky displays NMR spectra, the peaks of which users may pick, assign, and integrate using a graphical interface. Users can work with any number of 2, 3 or 4 dimensional spectra simultaneously. Spectra for input to Sparky can be produced with processing programs NMRPipe, Felix, VNMR, XWinNMR or UXNMR. Output consists of text peak lists showing assignments, chemical shifts, volumes, line widths, etc.

Resource Type: data analysis software, data processing software, software application, software resource

Keywords: graphical nmr, protein integration, nucleic acid integration

Availability: Free, Acknowledgement requested

Resource Name: Sparky

Resource ID: SCR_014228
