Proper Citation: CellPhoneDB (RRID:SCR_017054)

Description: Collection of publicly available data of curated receptors, ligands and their interactions. Integrates existing datasets that pertain to cellular communication and new manually reviewed information. Used to search for particular ligand or receptor or to interrogate single cell transcriptomics data.

Resource Type: data or information resource, database

Defining Citation: [PMID:30429548](#)

Keywords: collection, publicly, available, data, curated, receptor, ligand, interaction, heterometric, complex, dataset, cellular, transcriptomic, FASEB list

Availability: Free, Available for download, Freely available

Resource Name: CellPhoneDB

Resource ID: SCR_017054
