Type: Tool

Proper Citation

Nurses Health Study (RRID:SCR_019144)

Resource Information

URL: <https://www.nurseshealthstudy.org/>

Proper Citation: Nurses Health Study (RRID:SCR_019144)

Description: Portal about prospective investigations into risk factors for major chronic diseases in women. Nurses were selected as study population because of their knowledge about health and their ability to provide complete and accurate information regarding various diseases, due to their nursing education. The largest longitudinal study of women. Started in 1976, involving 275000 participants.

Synonyms: Nurses study

Resource Type: data or information resource, portal, topical portal

Keywords: Health Data and Tools

Funding: NHS

Availability: Free, Freely available

Resource Name: Nurses Health Study

Resource ID: SCR_019144

Record Creation Time: 20220129T080343+0000

Record Last Update: 20260912T195910+0000

Ratings and Alerts

No rating or validation information has been found for Nurses Health Study.

No alerts have been found for Nurses Health Study.
