OrthoVenn2

RRID:SCR_022504

Type: Tool

Proper Citation

OrthoVenn2 (RRID:SCR_022504)

Resource Information

URL: <https://orthovenn2.bioinfotoolkits.net/home>

Proper Citation: OrthoVenn2 (RRID:SCR_022504)

Description: Web server for whole genome comparison and annotation of orthologous clusters across multiple species. Works on any operating system with modern browser and Javascript enabled. Used to identify orthologous gene clusters and supports user define species to upload customized protein sequences. Interactive graphic tool which provides Venn diagram view for comparing multiple species protein sequences.

Resource Type: data access protocol, software resource, web service

Defining Citation: [PMID:31053848](#)

Keywords: whole genome comparison and annotation, orthologous clusters across multiple species, identify orthologous gene clusters, comparing multiple species protein sequences

Funding: National Natural Science Foundation of China

Availability: Free, Freely available

Resource Name: OrthoVenn2

Resource ID: SCR_022504

Record Creation Time: 20220622T050139+0000

Record Last Update: 20260919T195522+0000

Ratings and Alerts

No rating or validation information has been found for OrthoVenn2.

No alerts have been found for OrthoVenn2.
