Kleborate

RRID:SCR_024051

Type: Tool

Proper Citation

Kleborate (RRID:SCR_024051)

Resource Information

URL: <https://github.com/klebgenomics/Kleborate>

Proper Citation: Kleborate (RRID:SCR_024051)

Description: Software tool to screen genome assemblies of *Klebsiella pneumoniae* and the *Klebsiella pneumoniae* species complex (KpSC) for MLST sequence type, species (e.g. *K. pneumoniae*, *K. quasipneumoniae*, *K. variicola*, etc.), ICEKp associated virulence loci (yersiniabactin (ybt), colibactin (clb), salmochelin (iro), hypermucoidy (rmpA)), virulence plasmid associated loci (salmochelin (iro), aerobactin (iuc), hypermucoidy (rmpA, rmpA2)), antimicrobial resistance determinants (acquired genes, SNPs, gene truncations and intrinsic β -lactamases), and K (capsule) and O antigen (LPS) serotype prediction, via wzi alleles and Kaptive.

Synonyms: KLEBORATE, kleborate

Resource Type: data analysis software, data processing software, software application, software resource

Keywords: screen genome assemblies, *Klebsiella pneumoniae*, *Klebsiella pneumoniae* species complex, genome assemblies,

Availability: Free, Available for download, Freely available,

Resource Name: Kleborate

Resource ID: SCR_024051

Alternate URLs: <https://sources.debian.org/src/kleborate/>

License: GPL-3.0 license

Record Creation Time: 20230824T050211+0000

Record Last Update: 20260905T133028+0000

Ratings and Alerts

No rating or validation information has been found for Kleborate.

No alerts have been found for Kleborate.
