SRAMP

RRID:SCR_024500

Type: Tool

Proper Citation

SRAMP (RRID:SCR_024500)

Resource Information

URL: <http://www.cuilab.cn/sramp/>

Proper Citation: SRAMP (RRID:SCR_024500)

Description: Software tool as computational predictor of mammalian m(6)A site. Used for prediction of mammalian N6-methyladenosine (m6A) sites based on sequence-derived features.

Synonyms: Sequence-based Rna Adenosine Methylation site Predictor

Resource Type: simulation software, software application, software resource

Defining Citation: [PMID:26896799](#)

Keywords: mammalian m(6)A site predictor, sequence derived features based predictor,

Availability: Free, Available for download, Freely available

Resource Name: SRAMP

Resource ID: SCR_024500

Record Creation Time: 20231002T161336+0000

Record Last Update: 20260905T133031+0000

Ratings and Alerts

No rating or validation information has been found for SRAMP.

No alerts have been found for SRAMP.

Data and Source Information

Usage and Citation Metrics

We found 452 mentions in open access literature.

Listed below are recent publications. The full list is available at [Kravitz](#) .

Jiang Q, et al. (2026) METTL3-mediated m6A modification of FDX1 confers resistance to cuproptosis and promotes hepatocellular carcinoma progression. *Communications biology*, 9(1), 222.

Zhan X, et al. (2026) Construction of a novel risk model for esophageal squamous cell carcinoma associated with purinergic signaling pathways and chemoradiotherapy sensitivity genes. *Frontiers in medicine*, 13, 1746281.

Chen H, et al. (2026) N6-methyladenosine-mediated up-regulation of ARRB2 regulates intrahepatic cholangiocarcinoma malignant progression and pemigatinib resistance through MAPK and Hippo signaling pathways. *Cell death & disease*, 17(1).

Wang Y, et al. (2026) FTO-mediated m6A demethylation of BCL6 promotes gastric cancer progression by suppressing ferroptosis. *RNA biology*, 23(1), 1.

Liang Y, et al. (2026) The m6A reader protein YTHDF2 facilitates HTLV-1 infectious and mitotic propagation by stabilizing Tax RNA. *Journal of virology*, 100(6), e0052926.
