Proper Citation: Johns Hopkins University School of Medicine Center for Proteomics Discovery CPD Core Facility (RRID:SCR_028384)

Description: Core facility that helps biomedical researchers design and execute proteomics (and metabolomics/lipidomics) studies from sample preparation and LC-MS/MS data acquisition to protein/PTM identification and quantification and advanced bioinformatics/statistical analysis. CPD supports workflows, including label-free (DIA/DDA) and TMT multiplexed quantitative proteomics, phosphoproteomics/other PTMs, targeted PRM, single-cell proteomics, spatial proteomics, cell-type-specific proteomics, thermal proteome profiling, and more.

Resource Type: access service resource, core facility, service resource

Keywords: ABRF, proteomics, sample preparation, LC-MS/MS data acquisition, protein/PTM, identification and quantification, statistical analysis,

Resource Name: Johns Hopkins University School of Medicine Center for Proteomics Discovery CPD Core Facility

Resource ID: SCR_028384

Alternate IDs: ABRF_5912
