National Center for X-ray Tomography

RRID:SCR_001433

Type: Tool

Proper Citation

National Center for X-ray Tomography (RRID:SCR_001433)

Resource Information

URL: <https://ncxt.org/>

Proper Citation: National Center for X-ray Tomography (RRID:SCR_001433)

Description: Biomedical technology research center that develops novel cellular imaging technologies, specifically soft X-ray tomography, for visualizing and quantifying the internal structure of whole, hydrated cells, and high-numerical aperture fluorescence microscopy for locating the position of specific cellular molecules. Data from these two imaging modalities can be combined to form a single, correlated imaging view of a cell.

Abbreviations: NCXT

Synonyms: National Center for X-ray Tomography: Cellular imaging at the mesoscale

Resource Type: biomedical technology research center, training resource

Keywords: x-ray tomography, cell, imaging, microscopy, x-ray, tomography, imaging technology center

Funding: NIGMS ;
DOE

Availability: Free, Freely Available

Resource Name: National Center for X-ray Tomography

Resource ID: SCR_001433

Alternate IDs: nlx_152657

Alternate URLs: <http://ncxt.lbl.gov/>

Record Creation Time: 20220129T080207+0000

Record Last Update: 20260801T191131+0000

Ratings and Alerts

No rating or validation information has been found for National Center for X-ray Tomography.

No alerts have been found for National Center for X-ray Tomography.
