Proper Citation: BD FACSDiva Software (RRID:SCR_001456)

Description: A collection of tools for flow cytometer and application setup, data acquisition, and data analysis that help streamline flow cytometry workflows. It provides features to help users integrate flow systems into new application areas, including index sorting for stem cell and single-cell applications, as well as automation protocols for high-throughput and robotic laboratories.

Abbreviations: BD FACSDiva Software

Resource Type: commercial organization, software resource

Keywords: flow cytometry, windows

Availability: Free, Freely Available

Resource Name: BD FACSDiva Software

Resource ID: SCR_001456
