MCMC.qpcr

RRID:SCR_001721

Type: Tool

Proper Citation

MCMC.qpcr (RRID:SCR_001721)

Resource Information

URL: <http://cran.r-project.org/web/packages/MCMC.qpcr/>

Proper Citation: MCMC.qpcr (RRID:SCR_001721)

Description: Software package that implements generalized linear mixed model analysis of qRT-PCR data based on lognormal-Poisson model fitted using MCMC. Control genes are not required but can be incorporated as Bayesian priors or, when template abundances correlate with conditions, as trackers of global effects (common to all genes). Also implemented are the lognormal model for higher-abundance data and a classic model involving multi-gene normalization on a by-sample basis. Several plotting functions are included to extract and visualize results.

Synonyms: MCMC.qpcr: Bayesian analysis of qRT-PCR data

Resource Type: software resource

Defining Citation: [PMID:23977043](https://pubmed.ncbi.nlm.nih.gov/23977043/)

Keywords: standalone software, mac os x, unix/linux, windows, r

Availability: Free, Available for download, Freely available

Resource Name: MCMC.qpcr

Resource ID: SCR_001721

Alternate IDs: OMICS_03934

License: GNU General Public License, v4

Record Creation Time: 20220129T080209+0000

Record Last Update: 20260725T190511+0000

Ratings and Alerts

No rating or validation information has been found for MCMC.qpcr.

No alerts have been found for MCMC.qpcr.
