NeuralAct

RRID:SCR_002066

Type: Tool

Proper Citation

NeuralAct (RRID:SCR_002066)

Resource Information

URL: <http://www.neuralgate.org/download/NeuralAct>

Proper Citation: NeuralAct (RRID:SCR_002066)

Description: Software to visualize electrocorticographic (ECoG) and possibly also other kinds of neural activity (EEG / EMG/ DOT) on a 3D model of the cortical surface. The tool has been used to produce cortical activation images and image sequences in several recent studies using ECoG. The tool is written in matlab. The package is thoroughly documented and includes a demo.

Abbreviations: NeuralAct

Synonyms: NeuralAct: A tool to visualize cortical activity on a 3D model of the cortex

Resource Type: software resource

Defining Citation: [PMID:25381641](#)

Keywords: brain, imaging, electrocorticographic, eeg, meg, dot, matlab, cortex, visualization, neural activity

Funding: NIH ;
NIBIB EB006356;
NIBIB EB000856;
United States army research office W911NF-08-1-0216;
United States army research office W911NF-07-1-0415

Availability: Free, Available for download, Freely available

Resource Name: NeuralAct

Resource ID: SCR_002066

Alternate IDs: SciRes_000162

Alternate URLs: <http://www.neuralgate.org/software>

Record Creation Time: 20220129T080211+0000

Record Last Update: 20260801T190158+0000

Ratings and Alerts

No rating or validation information has been found for NeuralAct.

No alerts have been found for NeuralAct.
