### Resource Information

**URL:** <http://www.fmrib.ox.ac.uk/fsl/>

**Proper Citation:** FSL (RRID:SCR\_002823)

**Description:** Software library of image analysis and statistical tools for fMRI, MRI and DTI brain imaging data. Include registration, atlases, diffusion MRI tools for parameter reconstruction and probabilistic tractography, and viewer. Several brain atlases, integrated into FSLView and Featquery, allow viewing of structural and cytoarchitectonic standard space labels and probability maps for cortical and subcortical structures and white matter tracts. Includes Harvard-Oxford cortical and subcortical structural atlases, Julich histological atlas, JHU DTI-based white-matter atlases, Oxford thalamic connectivity atlas, Talairach atlas, MNI structural atlas, and Cerebellum atlas.

**Synonyms:** , FMRIB Software Library, fMRIB Software Library, Functional Magnetic Resonance Imaging of the Brain Software Library

**Resource Type:** software resource, software library, software toolkit

**Defining Citation:** [PMID:21979382](#), [PMID:19059349](#), [PMID:15501092](#)

**Keywords:** dti, brain, imaging, data, structural, mri, diffusion, function, preprocessing, analysis, statistical, tractography, atlas, neuroimaging, parameter, reconstruction, volumetric, segmentation, independent, component, temporal, transformation

**Funding:** EPSRC ;  
MRC ;  
BBSRC ;  
GlaxoSmithKline ;  
Pfizer

**Availability:** Free, Available for download, Freely available

**Resource Name:** FSL
