PRO

RRID:SCR_002902

Type: Tool

Proper Citation

PRO (RRID:SCR_002902)

Resource Information

URL: <http://pir.georgetown.edu/pro/>

Proper Citation: PRO (RRID:SCR_002902)

Description: An ontological representation of protein-related entities, explicitly defining them and showing the relationships between them. Each PRO term represents a distinct class of entities (including specific modified forms, orthologous isoforms, and protein complexes) ranging from the taxon-neutral to the taxon-specific. PRO encompasses three sub-ontologies: proteins based on evolutionary relatedness (ProEvo); protein forms produced from a given gene locus (ProForm); and protein-containing complexes (ProComp).

Synonyms: Protein Ontology

Resource Type: ontology, controlled vocabulary, data or information resource

Defining Citation: [PMID:21929785](#)

Keywords: protein

Funding: NIGMS 5R01GM080646-09

Resource Name: PRO

Resource ID: SCR_002902

Alternate IDs: OMICS_06200

Record Creation Time: 20220129T080216+0000

Record Last Update: 20260801T042524+0000

Ratings and Alerts

No rating or validation information has been found for PRO.

No alerts have been found for PRO.
