## Roswell Park Data Bank and BioRepository

RRID:SCR_003607
Type: Tool

### Proper Citation

Roswell Park Data Bank and BioRepository (RRID:SCR_003607)

### Resource Information

**URL:** http://www.roswellpark.edu/shared-resources/data-bank-and-biorepository

**Proper Citation:** Roswell Park Data Bank and BioRepository (RRID:SCR_003607)

**Description:** Collects and provides de-identified biospecimens and associated epidemiological and clinical data to meet the scientific needs of investigators. Newly diagnosed patients are asked to contribute data and specimens to the DBBR prior to treatment. Other patients with who have benign disease or advanced disease and have undergone treatment are also enrolled based on anticipated use of data and samples for research. Additionally, non-patients (family members and friends of patients and community members) with no personal history of cancer are asked to participate in the biorepository as controls. Specimens and data are procured with protected health information (PHI) and de-identified prior to distribution to investigators with hypothesis driven IRB reviewed studies. An extensive data collection and management system is in place to track informed consent, questionnaire collection and follow up, epidemiological questionnaire data, clinical data, biospecimens and their derivatives. Research Services * Availability of a bank of prospectively collected blood specimens (serum, plasma, buffy coat, red blood cells and DNA) from cancer patients, high risk individuals and healthy controls for research. * Collection, linking and distribution of epidemiologic and clinical data with biospecimens. * Study-specific biospecimen and data procurement to meet the needs of individual studies, including: ** Participant identification, eligibility screening and informed consent ** Serial biospecimen procurement prior to and throughout treatment ** Study specific collection of biospecimens other than blood (buccal cells, sputum, and urine) ** Procurement and distribution of fresh biospecimens ** Collection of extended clinical and risk factor data

**Abbreviations:** DBBR

**Synonyms:** Roswell Park Cancer Institute DataBank and BioRepository, Roswell Park Cancer Institute Data Bank BioRepository, RPCI Data Bank BioRepository, Roswell Park Cancer Institute Data Bank and BioRepository, RPCI DataBank and BioRepository, RPCI DBBR, RPCI Data Bank and BioRepository, Roswell Park DataBank and BioRepository,

Roswell Park Data Bank BioRepository

**Resource Type:** biomaterial supply resource, material resource

**Keywords:** clinical data, epidemiologic data, cancer, control, benign cancer disease, advanced cancer, blood, serum, plasma, buffy coat, red blood cell, dna, high risk individual, healthy control, buccal cell, sputum, urine

**Related Condition:** Cancer, Control, Benign cancer, Advanced cancer, High risk individual, Healthy control

**Resource Name:** Roswell Park Data Bank and BioRepository

**Resource ID:** SCR_003607

**Alternate IDs:** nlx_13096

**Old URLs:** http://www.roswellpark.org/Prevention/Data_Bank_and_BioRepository

**Record Creation Time:** 20220129T080219+0000

**Record Last Update:** 20260725T191226+0000

## Ratings and Alerts

No rating or validation information has been found for Roswell Park Data Bank and BioRepository.

No alerts have been found for Roswell Park Data Bank and BioRepository.
