Proper Citation: National Renal Administrators Association (RRID:SCR_003991)

Description: A nonprofit organization representing dialysis facilities and centers throughout the United States. It supports members from all types of providers including freestanding, hospital-based and national chains through the weekly e-mail newsletter, Renal Watch, the Annual Meeting, periodic workshops and other meetings. NRAA members include dialysis provider companies and management consulting companies and other companies involved in the End Stage Renal Disease (ESRD) industry and supportive of the purposes of NRAA. Individuals not directly employed or otherwise involved in companies that are NRAA members may join as individual Associate Members. The purposes for which the NRAA is organized are as follows: # To provide renal administrators the opportunity for gaining continuing education, obtaining peer recognition and expanding development in the profession. # To promote and encourage education and training for renal administrators. # To recognize individuals who have done or are doing noteworthy service in the field of renal administration. # To educate the public and members of governing bodies of health care organizations to understand the issues surrounding the practice of renal administration. # To represent the professional interests of renal administrators as a national representative spokesperson for the development and implementation of public policy. # To act as a resource on local and national ESRD issues.
