NGSQC

RRID:SCR_005459

Type: Tool

Proper Citation

NGSQC (RRID:SCR_005459)

Resource Information

URL: <http://brainarray.mbni.med.umich.edu/brainarray/ngsqc/>

Proper Citation: NGSQC (RRID:SCR_005459)

Description: Software pipeline that provides a set of novel quality control measures for quickly detecting a wide variety of quality issues in deep sequencing data derived from two dimensional surfaces, regardless of the assay technology used. It also enables researchers to determine whether sequencing data related to their most interesting biological discoveries are caused by sequencing quality issues. NGSQC can help to ensure that biological conclusions, in particular those based on relatively rare sequences, are not caused by low quality sequencing., THIS RESOURCE IS NO LONGER IN SERVICE. Documented on September 16,2025.

Abbreviations: NGSQC

Synonyms: Next Generation Sequencing Quality Control, NGSQC: Next Generation Sequencing Quality Control

Resource Type: software resource

Defining Citation: [PMID:21143816](#)

Keywords: next generation sequencing, quality control

Availability: THIS RESOURCE IS NO LONGER IN SERVICE

Resource Name: NGSQC

Resource ID: SCR_005459

Alternate IDs: OMICS_01064

Record Creation Time: 20220129T080230+0000

Record Last Update: 20260725T190604+0000

Ratings and Alerts

No rating or validation information has been found for NGSQC.

No alerts have been found for NGSQC.
