TIGRFAMS

RRID:SCR_005493

Type: Tool

Proper Citation

TIGRFAMS (RRID:SCR_005493)

Resource Information

URL: <http://www.jcvi.org/cgi-bin/tigrfams/index.cgi>

Proper Citation: TIGRFAMS (RRID:SCR_005493)

Description: Consists curated multiple sequence alignments, Hidden Markov Models (HMMs) for protein sequence classification, and associated information designed to support automated annotation of (mostly prokaryotic) proteins. Starting with release 10.0, TIGRFAMS models use HMMER3, which provides excellent search speed as well as exquisite search sensitivity. See the "TIGRFAMS Complete Listing" page to review the accession, protein name, model type, and EC number (if assigned) of all models. TIGRFAMS is a member database in InterPro. The HMM libraries and supporting files are available to download and use for free from our FTP site.

Abbreviations: JCVI TIGRFAMS, TIGRFAM

Synonyms: TIGRFAMS

Resource Type: data or information resource, database, data set

Defining Citation: [PMID:23197656](#)

Keywords: sequence alignment, hidden markov model, protein sequence, classification, protein, protein family, sequence homology, sequence, homology, function, bio.tools

Availability: Free

Resource Name: TIGRFAMS

Resource ID: SCR_005493

Alternate IDs: nif-0000-03560, OMICS_01700, biotools:tigrfams

Alternate URLs: <https://bio.tools/tigrfams>

Old URLs: <http://www.tigr.org/TIGRFAMs>

Record Creation Time: 20220129T080230+0000

Record Last Update: 20260731T042710+0000

Ratings and Alerts

No rating or validation information has been found for TIGRFAMS.

No alerts have been found for TIGRFAMS.
