Proper Citation: American Urological Association (RRID:SCR_005859)

Description: The American Urological Association (AUA), founded in 1902, is the premier professional association for the advancement of urologic patient care, and works to ensure that its more than 18,000 members are current on the latest research and practices in urology. The AUA also pursues its mission of fostering the highest standards of urologic care by providing a wide range of services including publications, research, the Annual Meeting, continuing medical education (CME) and the formulation of health policy.

Abbreviations: AUA

Synonyms: American Urological Association (AUA)

Resource Type: institution

Keywords: urology, research

Related Condition: Urologic disease

Resource Name: American Urological Association

Resource ID: SCR_005859
