Phytome

RRID:SCR_007852

Type: Tool

Proper Citation

Phytome (RRID:SCR_007852)

Resource Information

URL: <http://www.phytome.org>

Proper Citation: Phytome (RRID:SCR_007852)

Description: An online comparative genomics resource that is built upon publicly available sequence and map information from a diverse set of plant species, with a focus on the angiosperms, or flowering plants. It provides an interface to the results from a variety of phylogenomic analyses. Phytome is designed to facilitate functional genomics, molecular breeding and evolutionary studies in model and non-model plant species. Currently, Phytome contains phylogenetic and functional information for predicted protein sequences ("Unipeptides"). Future development will incorporate data and tools for analysis of sequence-based comparative maps.

Synonyms: Phytome

Resource Type: database, data or information resource

Resource Name: Phytome

Resource ID: SCR_007852

Alternate IDs: nif-0000-03284

Record Creation Time: 20220129T080244+0000

Record Last Update: 20260803T040519+0000

Ratings and Alerts

No rating or validation information has been found for Phytome.

No alerts have been found for Phytome.
