Proper Citation: FASTER (RRID:SCR_009045)

Description: Software application to reduce family members so the families can be used in GENEHUNTER program. FASTER eliminates the most redundant individuals according to the set of weights (preferences) (Age, Information about genetic Markers, etc.) The program has several features such as automatical reduction of branches without any affected individuals, etc. (entry from Genetic Analysis Software)

Abbreviations: FASTER

Synonyms: FAmily SmarT Eliminator

Resource Type: software resource, software application

Keywords: gene, genetic, genomic, ms-windows, (9x/me/2000/xp)

Resource Name: FASTER

Resource ID: SCR_009045

Alternate IDs: nlx_154020

Record Creation Time: 20220129T080250+0000
