## EPDT

RRID:SCR\_009172

Type: Tool

### Proper Citation

EPDT (RRID:SCR\_009172)

### Resource Information

**URL:** <http://www.ibms.sinica.edu.tw/~csjfann/first%20flow/programlist.htm>

**Proper Citation:** EPDT (RRID:SCR\_009172)

**Description:** THIS RESOURCE IS NO LONGER IN SERVICE. Documented on May 16,2023. Software application that for detecting linkage/disequilibrium signals # between genetic markers and disease loci, particularly if only one # or a few large pedigrees are available. The strategy differs from # conventional approaches that require at least a moderate number of # families to attain adequate statistical power. The proposed testing # procedure is advantageous in that it provides high statistical power # coupled with reduced sample collection. Furthermore, the proposed # method avoids problems such as potential population stratification # and genetic heterogeneity, and is robust with respect to misspecification # of phenotype. (entry from Genetic Analysis Software)

**Abbreviations:** EPDT

**Synonyms:** Extended Pedigree Disequilibrium Test

**Resource Type:** software resource, software application

**Keywords:** gene, genetic, genomic, unix

**Availability:** THIS RESOURCE IS NO LONGER IN SERVICE

**Resource Name:** EPDT

**Resource ID:** SCR\_009172

**Alternate IDs:** nlx\_154301

**Record Creation Time:** 20220129T080251+0000

**Record Last Update:** 20260731T042802+0000

### Ratings and Alerts

No rating or validation information has been found for EPDT.

No alerts have been found for EPDT.
