Proper Citation: UCC Neuronal Glia Culture Facility (RRID:SCR_010078)

Description: Core facility that provides the following services: Qualitative measure of neuronal death, Computerized image analysis. The goal of the facility is to assist UCC investigators in the use of cultured neurons, glia and organotypic cultures. The cultures are used for patch clamping after in vitro treatments with drugs of addiction or inhibitors and for in vitro models of neurodegenerative diseases. The core facility consists of a coordinator and a technician. Neuronal cultures are prepared from fetal cortex, hippocampus or astrocytes from cerebral cortex.

Resource Type: core facility, service resource, access service resource

Keywords: cellular assay, image analysis

Resource Name: UCC Neuronal Glia Culture Facility

Resource ID: SCR_010078

Alternate IDs: nlx_156549

Record Creation Time: 20220129T080256+0000

Record Last Update: 20260801T191145+0000

Ratings and Alerts

No rating or validation information has been found for UCC Neuronal Glia Culture Facility.

No alerts have been found for UCC Neuronal Glia Culture Facility.
