Description: PuriSpec, LLC laboratories are located in the newly renovated 50,000 sq/ft Innovation Center at Eagleview in Exton, PA (Previously Johnson and Johnson research). Analytical capabilities for project support include: JASCO SFC, Agilent GC and HPLC, Agilent HPLC/MS and Bruker NMR. Purispec, LLC specializes in chromatographic method development, separation and isolation of chiral and achiral molecules using Supercritical Fluid Chromatography (SFC). We currently use state-of-the-art JASCO SFC equipment for chiral and achiral method development and small molecule isolations. Our capabilities currently include SFC, GC, LC, LC/MS and NMR, with isolations ranging from 1 mg to multigram quantities. We offer synthetic chemistry, chromatographic and spectroscopic problem-solving and consulting services for non-GMP applications. Our company currently provides solutions to clients in the flavors, fragrances, beverages, foods, fine chemical and petrochemical industries. Contact us for your method development and analytical chemistry needs. Price quotes are available on request.
