Q Squared Solutions Expression Analysis

RRID:SCR_012497

Type: Tool

Proper Citation

Q Squared Solutions Expression Analysis (RRID:SCR_012497)

Resource Information

URL: <https://www.q2labsolutions.com/genomics-laboratories>

Proper Citation: Q Squared Solutions Expression Analysis (RRID:SCR_012497)

Description: Core provides whole genome to focused set gene expression and genotyping assays along with DNA sequencings services, sequence enrichment technologies and bioinformatics support. Platforms utilized include Affymetrix GeneChip, Agilent Sure Select, Fluidigm Access Arrays, Illumina BeadChip, iScan, Genome Analyzer and Hi-Seq, RainDance Technologies RDT 1000 and, the Pacific Biosciences PacBio RS. Expression Analysis offers solutions for challenging specimens such as whole blood and FFPE tissues, as well as nucleic acid isolation and data analysis services.

Abbreviations: Q2 Solutions, EA, Q squared solutions, Q2, Q squared

Synonyms: Q2 Solutions Expression Analysis, Q 2 Solutions Expression Analysis, Q 2 Expression Analysis

Resource Type: commercial organization, core facility, service resource, access service resource

Keywords: genomic, genotyping, DNA sequencing,

Availability: Available to external user

Resource Name: Q Squared Solutions Expression Analysis

Resource ID: SCR_012497

Alternate IDs: SciEx_366

Alternate URLs: <http://www.scienceexchange.com/facilities/expression-analysis>

Record Creation Time: 20220129T080310+0000

Record Last Update: 20260801T190438+0000

Ratings and Alerts

No rating or validation information has been found for Q Squared Solutions Expression Analysis.

No alerts have been found for Q Squared Solutions Expression Analysis.
