Description: Advanced Peptides, Inc. is an experienced global manufacturer of custom peptides and PNA's. Our scientists have synthesized products for the scientific community for over 25 years and have met the highest standards of quality, service, and technical expertise. Advanced Peptides specializes in both Custom Peptide Synthesis and Custom Peptide Nucleic Acid (PNA) synthesis using Solid Phase Peptide Chemistry to manufacture Peptides and PNAs. Our services include a wide spectrum of peptide related chemistry: -Synthesis -Purification -Modification -Analysis & Characterization Our manufacturing facilities are state-of-the-art, implementing proven technologies to produce peptides and PNA's with reliability, integrity, and value. We give the highest attention to quality, which in turn gives researchers the tools they need to succeed in their work.
