Resource Information

URL: <https://www.elabinventory.com>

Proper Citation: ELabInventory (RRID:SCR_013857)

Description: A computational hosting resource which organizes lab inventories, including communal stocks, samples, and chemicals. Users can organize by predefined or custom sample types and store information for each type using specific fields. Samples can be stored in defined custom storage units and can be added to or searched within those storage units. ELabInventory supports 2D barcoding to identify samples.
