Proper Citation: Academic Karma (RRID:SCR_014017)

Description: A peer review management system which encourages timely and high quality peer review by using a credit system. Reviewers complete reviews using a general webform on academickarma.org, and if that review is submitted to an editor within ten days, the reviewer is awarded a certain amount of points (karma credits). The author and editor both receive the review. Editors can use Academic Karma to identify specialized reviewers for future reference. A reviewer's personal profile, which includes the amount of karma credits they've received, is connected to their ORCID account and publication record for an overview of the reviewer's work.

Resource Type: production service resource, service resource

Keywords: peer review, peer review management, service resource, production service resource
