Type: Tool

Proper Citation

Joslin Diabetes Center Molecular Phenotyping and Genotyping Core (RRID:SCR_015733)

Resource Information

URL: <https://joslinresearch.org/drc-cores/molecular-phenotyping-and-genotyping-core>

Proper Citation: Joslin Diabetes Center Molecular Phenotyping and Genotyping Core (RRID:SCR_015733)

Description: Core facility that supports the study of molecular mechanisms of disease by providing equipment, expertise, and services in molecular phenotyping, including nucleic acid sequence analyses, gene expression, and other "omics" analyses, which would be too specialized or costly for individual laboratories to perform independently. Formerly known as the Advanced Genomics and Genetics Core, the Molecular Phenotyping Core is newly-named in recognition of the expansion of its analytical capacities to reflect not only genetic and genomic analyses but also metabolic phenotyping.

Synonyms: Molecular Phenotyping and Genotyping Core

Resource Type: core facility, service resource, access service resource

Keywords: molecular phenotype, genotype, core facility, joslin diabetes center, diabetes

Availability: Available to affiliated researchers

Resource Name: Joslin Diabetes Center Molecular Phenotyping and Genotyping Core

Resource ID: SCR_015733

Record Creation Time: 20220129T080327+0000

Record Last Update: 20260801T191231+0000

Ratings and Alerts

No rating or validation information has been found for Joslin Diabetes Center Molecular Phenotyping and Genotyping Core.

No alerts have been found for Joslin Diabetes Center Molecular Phenotyping and Genotyping Core.
