Kidney Precision Medicine Project

RRID:SCR_016920

Type: Tool

Proper Citation

Kidney Precision Medicine Project (RRID:SCR_016920)

Resource Information

URL: <https://kpmp.org>

Proper Citation: Kidney Precision Medicine Project (RRID:SCR_016920)

Description: Project to ethically obtain and evaluate human kidney biopsies from participants with Acute Kidney Injury (AKI) or Chronic Kidney Disease (CKD), create a kidney tissue atlas, define disease subgroups, and identify critical cells, pathways, and targets for novel therapies. Used to develop the next generation of software tools to visualize and understand the various components of kidney diseases and to optimize data collection. Multi site collaboration comprised of patients, clinicians, and investigators from across the United States.

Abbreviations: KPMP

Synonyms: Kidney Precision Medicine Project, The Kidney Precision Medicine Project

Resource Type: project portal, consortium, data or information resource, portal, narrative resource, availability annotation standard, standard specification, topical portal, disease-related portal, organization portal, the community can contribute to this resource, nif annotation standard

Keywords: ethically, obtain, evaluate, human, kidney, biopsy, collaboration, patient, clinician, researcher, acute, injury, chronic, disease, tissue, atlas, cell, pathway, target, novel, therapy, data, collection

Related Condition: Acute Kidney Injury, Chronic Kidney Disease

Funding: NIDDK

Availability: Open resource for academics, industry, and the broader scientific community

Resource Name: Kidney Precision Medicine Project

Resource ID: SCR_016920

Record Creation Time: 20220129T080332+0000

Record Last Update: 20260801T042803+0000

Ratings and Alerts

No rating or validation information has been found for Kidney Precision Medicine Project.

No alerts have been found for Kidney Precision Medicine Project.
