National COVID Cohort Collaborative

RRID:SCR_018757

Type: Tool

Proper Citation

National COVID Cohort Collaborative (RRID:SCR_018757)

Resource Information

URL: <https://ncats.nih.gov/n3c/about>

Proper Citation: National COVID Cohort Collaborative (RRID:SCR_018757)

Description: Portal for centralized national data to study COVID-19 and identify potential treatments. Centralized, secure analytics platform where patient privacy is protected. Enables collection and analysis of clinical, laboratory and diagnostic data from hospitals and health care plans. Data are provided after executing data transfer agreement with National Center for Advancing Translational Sciences. N3C is partnership among NCATS supported Clinical and Translational Science Awards Program hubs and National Center for Data to Health with overall stewardship by NCATS.

Abbreviations: N3C

Resource Type: data or information resource, data repository, disease-related portal, portal, service resource, storage service resource, topical portal

Keywords: COVID-19, national data resource, study COVID-19, COVID-19 data, COVID-19 treatment identification, NCATS, clinical data, laboratory data, diagnostic data, health care, analytics platform, patient privacy

Related Condition: COVID-19

Funding: NIH

Resource Name: National COVID Cohort Collaborative

Resource ID: SCR_018757

Alternate IDs: r3d100013422

Alternate URLs: <https://doi.org/10.17616/R31NJMUM>

Record Creation Time: 20220129T080341+0000

Ratings and Alerts

No rating or validation information has been found for National COVID Cohort Collaborative.

No alerts have been found for National COVID Cohort Collaborative.
