Proper Citation: University of Florida ICBR Bioinformatics Core Facility (RRID:SCR_019120)

Description: Core offers bioinformatics consulting and data analysis services to help researchers analyze and understand large data sets acquired from next generation sequencing and array based technologies. Bioinformatics staff members have extensive experience in bioinformatics, genomics, transcriptomics and translational informatics in plant, animal and microbial systems. Expertise includes big data analysis, statistical analysis, software development and high performance computing.

Synonyms: University of Florida UF ICBR Bioinformatics, UF ICBR Bioinformatics

Resource Type: service resource, access service resource, core facility

Keywords: USEdit, bioinformatics consulting, bioinformatics data analysis services, statistical analysis, software development, high performance computing, ABRF, ABRF

Resource Name: University of Florida ICBR Bioinformatics Core Facility

Resource ID: SCR_019120

Alternate IDs: ABRF_645
