Proper Citation: GMSH (RRID:SCR_021226)

Description: Open source software tool as 3D finite element grid generator with build in CAD engine and post processor. Provides meshing tool with parametric input and advanced visualization capabilities. Built around geometry, mesh, solver and post processing modules. Specification of any input to these modules is done either interactively using graphical user interface, in ASCII text files using Gmsh own scripting language (.geo files), or using C plus plus, C, Python or Julia Application Programming Interface.

Resource Type: software resource

Keywords: 3D finite element grid generator, CAD engine build in, post processor, meshing tool

Availability: Free, Available for download, Freely available

Resource Name: GMSH

Resource ID: SCR_021226

Alternate URLs: <https://gitlab.onelab.info/gmsh/gmsh>

License: GNU General Public License

Record Creation Time: 20220129T080354+0000

Record Last Update: 20260815T182653+0000

Ratings and Alerts

No rating or validation information has been found for GMSH.

No alerts have been found for GMSH.

Data and Source Information
