epiR

RRID:SCR_021673

Type: Tool

Proper Citation

epiR (RRID:SCR_021673)

Resource Information

URL: <https://cran.r-project.org/web/packages/epiR/index.html>

Proper Citation: epiR (RRID:SCR_021673)

Description: Software R package for analysis of epidemiological and surveillance data. Contains functions for directly and indirectly adjusting measures of disease frequency, quantifying measures of association on basis of single or multiple strata of count data presented in contingency table, computation of confidence intervals around incidence risk and incidence rate estimates and sample size calculations for cross-sectional, case-control and cohort studies. Surveillance tools include functions to calculate appropriate sample size for 1- and 2-stage representative freedom surveys, functions to estimate surveillance system sensitivity and functions to support scenario tree modelling analyses.

Resource Type: data processing software, software toolkit, data analysis software, software resource, software application

Keywords: Epidemiological data analysis, surveillance data analysis, calculate sample size, representative freedom surveys, estimate surveillance system sensitivity

Availability: Free, Available for download, Freely available

Resource Name: epiR

Resource ID: SCR_021673

License: GPL v3

Record Creation Time: 20220129T080356+0000

Record Last Update: 20260731T043105+0000

Ratings and Alerts

No rating or validation information has been found for epiR.

No alerts have been found for epiR.
