Texas A and M University Image Analysis Laboratory Core Facility

RRID:SCR_022479

Type: Tool

Proper Citation

Texas A and M University Image Analysis Laboratory Core Facility (RRID:SCR_022479)

Resource Information

URL: <https://vetmed.tamu.edu/ial/>

Proper Citation: Texas A and M University Image Analysis Laboratory Core Facility (RRID:SCR_022479)

Description: Provides advanced imaging technologies and image analysis tools including vital imaging of cellular processes within cells, tissue explants, and organoids. Supports services for transmission electron microscopy of biological samples. Imaging capabilities include fluorescence imaging of samples; Transmitted light imaging; Live cell imaging; FRAP, FLIP, Photoactivation/conversion; FRET, FLIM; Image processing, analysis, quantification; Transmission electron microscopy. Microscopes and Equipment include: Zeiss Axio Imager M2 Motorized Upright Microscope; Zeiss Cell Discoverer 7; Zeiss ELYRA S.1 Superresolution Microscope; Zeiss LSM 780 NLO Multiphoton Microscope; Zeiss TIRF3; Zeiss Stallion Digital Imaging Workstation; FEI Morgagni Transmission Electron Microscope; Leica UC6 Ultramicrotome; ImageXpress Pico & BioTek Cytation 7; Cryostar NX70 Cryostat.

Synonyms: TAMU - Image Analysis Laboratory, Texas A&M University TAMU - Image Analysis Laboratory

Resource Type: core facility, service resource, access service resource

Keywords: USEDit, ABRF, vital imaging of cellular processes within cells, tissue explants, and organoids, imaging

Resource Name: Texas A and M University Image Analysis Laboratory Core Facility

Resource ID: SCR_022479

Alternate IDs: ABRF_1451

Alternate URLs: <https://coremarketplace.org/?FacilityID=1451&citation=1>

Record Creation Time: 20220614T050142+0000

Record Last Update: 20260731T043125+0000

Ratings and Alerts

No rating or validation information has been found for Texas A and M University Image Analysis Laboratory Core Facility.

No alerts have been found for Texas A and M University Image Analysis Laboratory Core Facility.
