Proper Citation: Olympus: Cell Counter model R1 (RRID:SCR_023427)

Description: Automated cell counter with software algorithm to provide accurate counting results for variety of cell types by automatically declustering clumped cells, performing size and roundness based sorting, and identifying live and dead cells. Can confirm cell counts prior to experimental data acquisition, quality check, passaging, or induction of differentiation.

Resource Type: instrument resource

Keywords: Automated cell counter, automatically declustering clumped cells, performing size and roundness based sorting, identifying live and dead cells, instrument, equipment, USEDit
