Blobtoolkit

RRID:SCR_025882

Type: Tool

Proper Citation

Blobtoolkit (RRID:SCR_025882)

Resource Information

URL: <https://github.com/blobtoolkit/blobtoolkit>

Proper Citation: Blobtoolkit (RRID:SCR_025882)

Description: Software suite based on BlobTools to aid researchers in identifying and isolating non-target data in draft and publicly available genome assemblies. Used for genome assembly QC and contaminant cobiont detection and filtering. Can be used to process assembly, read and analysis files for fully reproducible interactive exploration in the browser-based Viewer. Can be used during assembly to filter non-target DNA. BlobToolKit is comprised of four distinct components: BlobTools2 (command line tools to create and filter datasets), Specification (a formal specification and validator for the JSON-based data format), Viewer (interactive dataset visualization), and INSDC-pipeline (a Snakemake pipeline to run the BlobToolKit workflow on publicly available datasets).

Synonyms: BlobToolKit

Resource Type: software resource, software toolkit, source code

Defining Citation: [PMID:32071071](#)

Keywords: genome assemblies, identifying and isolating non-target data, non-target DNA, genome assembly QC,

Funding: BBSRC Bioinformatics and Biological Resources award

Availability: Free, Available for download, Freely available

Resource Name: Blobtoolkit

Resource ID: SCR_025882

License: MIT license

Record Creation Time: 20241015T053249+0000

Ratings and Alerts

No rating or validation information has been found for Blobtoolkit.

No alerts have been found for Blobtoolkit.
