Proper Citation: University of Birmingham Flow Cytometry Core Facility (RRID:SCR_027107)

Description: Facility supports flow cytometry, cell sorting, and mass cytometry across the University of Birmingham (UoB). Based in the College of Medicine and Health. Also supports instruments at Queen Elizabeth Hospital, Institute of Translational Medicine (ITM), and College of Life and Environmental Sciences. Services range from user training on self-service instruments to expert-supported cell sorting and GCP-compliant mass cytometry in dedicated ITM labs.
