Proper Citation: brainmap.org (RRID:SCR_003069)

Description: A community database of published functional and structural neuroimaging experiments with both metadata descriptions of experimental design and activation locations in the form of stereotactic coordinates (x,y,z) in Talairach or MNI space. BrainMap provides not only data for meta-analyses and data mining, but also distributes software and concepts for quantitative integration of neuroimaging data. The goal of BrainMap is to develop software and tools to share neuroimaging results and enable meta-analysis of studies of human brain function and structure in healthy and diseased subjects. It is a tool to rapidly retrieve and understand studies in specific research domains, such as language, memory, attention, reasoning, emotion, and perception, and to perform meta-analyses of like studies. Brainmap contains the following software: # Sleuth: database searches and Talairach coordinate plotting (this application requires a username and password) # GingerALE: performs meta-analyses via the activation likelihood estimation (ALE) method; also converts coordinates between MNI and Talairach spaces using icbm2tal # Scribe: database entry of published functional neuroimaging papers with coordinate results

Abbreviations: BrainMap

Synonyms: BrainMap Database

Resource Type: data or information resource, database, software application, software resource

Defining Citation: [PMID:15897617](#), [PMID:11967563](#), [PMID:15846810](#)

Keywords: 3d model, atlas, data management, imaging, map, neuroinformatics, warping, neuroimaging, brain, talairach, mni, java, modeling, magnetic resonance, nifti-1, ontology, os independent, pet, spect, visualization, functional neuroimaging, fmri

Related Condition: Healthy, Diseased

Funding: NIMH 2R01-MH074457

Availability: Free, Freely available

Resource Name: brainmap.org

Resource ID: SCR_003069

Alternate IDs: nif-0000-00049

Alternate URLs: <http://www.nitrc.org/projects/brainmap>

Record Creation Time: 20220129T080217+0000

Record Last Update: 20260919T195011+0000

Ratings and Alerts

No rating or validation information has been found for brainmap.org.

No alerts have been found for brainmap.org.
