Proper Citation: Alberta Cancer Foundation (RRID:SCR_004224)

Description: The Alberta Cancer Foundation is more than a charity. It's a movement for cancer-free lives today, tomorrow and forever. It's a movement of those who know a cancer-free future is possible and who won't settle for some day. It's a movement of those who stand with Albertans who have no choice but to stand up to cancer. It's a movement of those who know something can be done and are willing to do it. For those facing cancer today, in honour of those lost to cancer, and for generations to come, we promise progress. Our mission is to deliver progress in cancer research, prevention, treatment and care by generating community investment for Alberta's coordinated research strategy, the Cross Cancer Institute, Tom Baker Cancer Centre and 15 other cancer centres throughout the province. The Alberta Cancer Foundation is a Registered Charity - Business Number 11878 0477 RR0001. Your dollar fights cancer on every front: research, prevention, screening, early diagnosis, education, treatment and care.
