PePr

RRID:SCR_005759

Type: Tool

Proper Citation

PePr (RRID:SCR_005759)

Resource Information

URL: <https://code.google.com/p/pepr-chip-seq/>

Proper Citation: PePr (RRID:SCR_005759)

Description: A ChIP-Seq peak calling or differential binding analysis tool that is primarily designed for data with biological replicates. It uses a negative binomial distribution to model the read counts among the samples in the same group, and look for consistent differences between ChIP and control group or two ChIP groups run under different conditions.

Abbreviations: PePr

Synonyms: pepr-chip-seq, Peak Prioritization Pipeline, pepr-chip-seq: A ChIP-Seq analyzing program for biological replicates

Resource Type: software resource

Defining Citation: [PMID:24894502](https://pubmed.ncbi.nlm.nih.gov/24894502/)

Keywords: python, bio.tools

Availability: GNU General Public License, v3

Resource Name: PePr

Resource ID: SCR_005759

Alternate IDs: OMICS_04058, biotools:pepr

Alternate URLs: <https://bio.tools/pepr>

Record Creation Time: 20220129T080232+0000

Record Last Update: 20260903T234816+0000

Ratings and Alerts

No rating or validation information has been found for PePr.

No alerts have been found for PePr.
