Neurobiological Image Management System

RRID:SCR_006594

Type: Tool

Proper Citation

Neurobiological Image Management System (RRID:SCR_006594)

Resource Information

URL: <https://github.com/cni/nims>

Proper Citation: Neurobiological Image Management System (RRID:SCR_006594)

Description: A scientific data management system specifically designed for neuroimaging data. NIMS automatically reaps data from the measurement instrument (e.g., MR scanner), sorts and organizes the data based on header information, does some basic processing on the data, and makes the data available to authorized users through a web-based interface. The data are also available from the command-line through a FUSE-based filesystem.

Abbreviations: NIMS

Synonyms: NIMS: Neurobiological Image Management System, Neuro-Image Management System, Neuro-Image Management System (NIMS)

Resource Type: data management software, software application, software resource

Keywords: computational neuroscience, computed tomography, eeg, meg, electrocorticography, magnetic resonance, pet, spect, neuroimaging

Availability: MIT License

Resource Name: Neurobiological Image Management System

Resource ID: SCR_006594

Alternate IDs: nlx_155895

Alternate URLs: <http://www.nitrc.org/projects/nims>

Record Creation Time: 20220129T080237+0000

Record Last Update: 20260903T234845+0000

Ratings and Alerts

No rating or validation information has been found for Neurobiological Image Management System.

No alerts have been found for Neurobiological Image Management System.
