Neurodatabase.org

RRID:SCR_007091

Type: Tool

Proper Citation

Neurodatabase.org (RRID:SCR_007091)

Resource Information

URL: <http://neurodatabase.org>

Proper Citation: Neurodatabase.org (RRID:SCR_007091)

Description: THIS RESOURCE IS NO LONGER IN SERVICE, documented on June 09, 2015. A repository of neurophysiology data conforming to BrainML data models and protocols: BrainML-formatted experimental data submissions are published in searchable, browsable form. Registered users may submit new experiments. The site contains spike trains, voltage time series, and some derived histograms from single cell and multi-unit activity. The database focuses on in vivo somatosensory and visual activity during task performance. This resource contains only a few datasets, but they are of high quality and have been used for reanalysis by several parties. There are three primary interfaces for querying data from this repository: a web-based browse interface, a web-based HTML query form, and a Java web start desktop application. In addition, there is an XML interface useful for direct access by software clients. To download the source code, please read and acknowledge the license agreement.

Synonyms: Neurodatabase.org: Laboratory of Neuroinformatics Weill Medical College, Neurodatabase, neurodatabase.org Laboratory of Neuroinformatics Weill Medical College of Cornell University, LNI: neurodatabase.org

Resource Type: database, data or information resource, service resource, storage service resource, data repository

Keywords: neurophysiology, source code, spike train, voltage time series, histogram, single cell, multi-unit, in vivo, somatosensory, visual, task, data set

Availability: THIS RESOURCE IS NO LONGER IN SERVICE

Resource Name: Neurodatabase.org

Resource ID: SCR_007091

Alternate IDs: nif-0000-00001

Alternate URLs: <http://neurodatabase.org/dataserver/goto.do?page=.home>

Record Creation Time: 20220129T080239+0000

Record Last Update: 20260810T040437+0000

Ratings and Alerts

No rating or validation information has been found for Neurodatabase.org.

No alerts have been found for Neurodatabase.org.
