**Proper Citation:** Swami: The Next Generation Biology Workbench (RRID:SCR\_007217)

**Description:** THIS RESOURCE IS NO LONGER IN SERVICE, documented August 22, 2016. The Next Generation Biology Workbench is a free resource for research and education in Bioinformatics, Genomics, Proteomics, and Phylogenetics. The NGBW is a re-engineering of the Biology Workbench which was designed by Shankar Subramaniam and his group to provide an integrated environment where tools, user data, and public data resources can be easily accessed. The NGBW is designed to be an organic tool that evolves with the needs of the Biomedical research and education communities. The Next Generation Biology Workbench (NGBW) is now available for public use, in its production release.

**Abbreviations:** NGBW

**Synonyms:** Next Generation Biology Workbench, Swami

**Resource Type:** service resource

**Funding:** IBM Corporation ;  
Microsoft Research ;  
NIGMS 5R01GM073931

**Availability:** THIS RESOURCE IS NO LONGER IN SERVICE

**Resource Name:** Swami: The Next Generation Biology Workbench

**Resource ID:** SCR\_007217

**Alternate IDs:** nlx\_14257

**Old URLs:** <http://www.ngbw.org/>

**Record Creation Time:** 20220129T080240+0000

**Record Last Update:** 20260919T195125+0000
