miRGen

RRID:SCR_007796

Type: Tool

Proper Citation

miRGen (RRID:SCR_007796)

Resource Information

URL: http://carolina.imis.athena-innovation.gr/diana_tools/web/index.php?r=mirgenv3

Proper Citation: miRGen (RRID:SCR_007796)

Description: An integrated database of positional relationships between animal miRNAs and genomic annotation sets and animal miRNA targets according to combinations of widely used target prediction programs. miRGen has three connected interfaces which query this data. The Genomics interface allows the user to explore where whole-genome collections of miRNAs are located with respect to UCSC genome browser annotation sets such as Known Genes, Refseq Genes, Genscan predicted genes, CpG islands, and pseudogenes. The Targets interface provides access to unions and intersections of four widely used target prediction programs, and experimentally supported targets from TarBase. The Clusters interface provides predicted miRNA clusters at any given inter-miRNA distance, and provides specific functional information on the targets of miRNAs within each cluster.

Synonyms: miRGen

Resource Type: data or information resource, database

Keywords: FASEB list

Resource Name: miRGen

Resource ID: SCR_007796

Alternate IDs: nif-0000-03137

Old URLs: <http://www.diana.pcbi.upenn.edu/miRGen>

Record Creation Time: 20220129T080243+0000

Record Last Update: 20260912T200153+0000

Ratings and Alerts

No rating or validation information has been found for miRGen.

No alerts have been found for miRGen.
