## PITA

RRID:SCR\_010853

Type: Tool

---

### Proper Citation

PITA (RRID:SCR\_010853)

---

### Resource Information

**URL:** [http://genie.weizmann.ac.il/pubs/mir07/mir07\\_data.html](http://genie.weizmann.ac.il/pubs/mir07/mir07_data.html)

**Proper Citation:** PITA (RRID:SCR\_010853)

**Description:** Catalogs of predicted microRNA targets in worm (based on ce6 genome assembly), fly (dm3), mouse (mm9) and human (hg18). We follow standard seed parameter settings and consider seeds of length 6-8 bases, beginning at position 2 of the microRNA. No mismatches or loops are allowed, but a single G:U wobble is allowed in 7- or 8-mers. In genes missing a 3' UTR annotation, 500 bp (fly), 800 bp (human and mouse) or 300 bp (worm) downstream of the annotated end of the coding sequence were used as the predicted UTR. For each organism, a catalog with zero flank and with a flank of 3 and 15 bases upstream and downstream.

**Abbreviations:** PITA

**Resource Type:** data or information resource, data set

**Resource Name:** PITA

**Resource ID:** SCR\_010853

**Alternate IDs:** OMICS\_00412

**Record Creation Time:** 20220129T080301+0000

**Record Last Update:** 20260919T195856+0000

---

### Ratings and Alerts

No rating or validation information has been found for PITA.

No alerts have been found for PITA.

---

### Data and Source Information

## Usage and Citation Metrics

We found 1079 mentions in open access literature.

**Listed below are recent publications.** The full list is available at [T1D](#) .
