Proper Citation: GVK BIO Chemistry Group (RRID:SCR_012542)

Description: GVK Biosciences has expertise in small molecule synthesis from milligrams to kilo gram scale. Our Chemistry team serves diverse customer requirements from custom synthesis to scale-up through discovery chemistry. Customers can avail these services on a stand-alone or integrated services basis. Advantages of working with GVK Biosciences include: * No Conflict model: GVK BIO has no internal programs. * The IP /Confidentiality of Customers is well protected * Proven ability to Scale from mg to kg level at one location * On-line project tracking * E-Note book reporting (Optional) * Chemistry complemented by expert services in Biology and Computational Chemistry * The largest SAR manually curated database with 4 million compounds available * Multiple research sites across India * Comprehensive technical team with relevant Pharmaceutical, Biopharmaceutical, and Academic experiences. Highly qualified and experienced team * State of the art Analytical instrumentation with experienced analytical research scientists
