Proper Citation: CopyCaller (RRID:SCR_014486)

Description: A software for analyzing real-time PCR data and quantifying DNA targets. It can perform copy number analysis, report confidence in copy number, display data in table and graphic format, change analysis parameters, and view data analysis information for multiple experiments at once.

Resource Type: software resource, software application, data analysis software, data processing software

Keywords: data analysis, real-time pcr data analysis, real-time pcr, pcr, dna target

Resource Name: CopyCaller

Resource ID: SCR_014486

Record Creation Time: 20220129T080320+0000

Record Last Update: 20260808T190025+0000

Ratings and Alerts

No rating or validation information has been found for CopyCaller.

No alerts have been found for CopyCaller.
